VOLUNTEER POLICIES

Recruitment

Volunteers are recruited through marketing for specific agency needs.

Application

It is the policy of the City of Farmington's Department of Parks, Recreation, and Cultural Affairs to consider candidates for volunteer service based on qualifications for specific volunteer jobs within the divisions of the department without regard to race, color, religion, sex, national origin, age, disability, or any other legally protected status.

Completion of the City of Farmington's Volunteer Candidate Information and background check form is required before applicants can be considered for volunteer service. Candidates who are authorized for volunteer service through the background check process will be photographed and issued a photo identification badge.

The first contact with the Parks, Recreation, and Cultural Affairs Department is through the City of Farmington's Human Resources Department where volunteer applications are collected and distributed to the PRCA Department Volunteer Coordinator who screens applicants for PRCA divisions based on division needs and volunteers choice of service. The PRCA Department Volunteer Coordinator gives careful consideration to experience, skill, aptitude, reliability, and character of applicants. Those who coordinate volunteers at each division make the final decision regarding volunteer assignments after the background check is cleared by Human Resources.

Background Checks

A criminal records background check is required for applicants ages 16 and older who wish to volunteer with the department of Parks, Recreation, and Cultural Affairs.

Interviewing

All volunteers must be interviewed by a staff member who coordinates volunteers for their division before any volunteer service is assigned. Support person(s) who will be working with the volunteer may also join the interview process and participate in the final decision regarding volunteer assignment. The interview will determine volunteer interests and skills, and appraise volunteers of agency needs. The interview must be in person and preferably include the support person(s) who will be working with the volunteer.

Placement

Volunteer interests and desires and agency needs must be weighed in the interview process to insure the best match possible. When possible, the volunteer will have the final say in determining which volunteer position best fits his/her needs.

Volunteer Position Acceptance

The applicant will be notified of their acceptance as a volunteer when the background check is completed and cleared by the Human Resource Department.

Photo Identification Badge

Volunteers receive a photo identification badge from the City of Farmington's Human Resource Department. Volunteers wear their identification badge only while on volunteer duty for the City of Farmington. There is a \$5.00 replacement fee for lost badges.

VOLUNTEER POLICIES

Orientation

All volunteers receive orientation. The orientation consists of an introduction to the City of Farmington's Parks, Recreation, and Cultural Affairs Department, orientation to specific divisions, and the department policies and procedures for volunteers.

Training

Orientation and some training is provided by staff members who coordinate volunteers for their division. Training may require the volunteer to shadow or work with staff or another volunteer until the volunteer is confident performing the duties alone. Training may also require specialized personnel to instruct and supervise the volunteer in the particulars of their assignment. Additionally, training may require the volunteer to do extensive reading, research and observation to perform the goals of the job.

On-The-Job Training

Volunteers receive on-the-job training to help them with information and tools to perform their duties. On-the-job training may be provided by a support person, a qualified volunteer, or by a staff member who coordinates volunteers for their division.

Position Description

Volunteers receive a written position description and volunteer management manual outlining the policies and procedures of the Parks, Recreation, and Cultural Affairs Department. The position description includes a description of the qualifications and responsibilities of the position, a designated support person, and work site. Every effort is made to place volunteers in an assignment matching their abilities and interests.

Assignment

You are considered on an official assignment when the Department Volunteer Coordinator in conjunction with the Division Volunteer Coordinator has requested that you provide a service. It is important to remember that the Department/Division Volunteer Coordinators work together to make volunteer assignments official.

Scheduling

Schedules are provided by each division's volunteer coordinator. Volunteers are encouraged to review their schedules frequently. If a volunteer is unable to fulfill their shift, they should notify the appropriate volunteer coordinator using the PRCA Department Phone Directory on page 8 of this manual, as far in advance as possible. If a volunteer is unable to reach their division volunteer coordinator, volunteers can notify the Department Volunteer Coordinator.

Record Keeping

Records will be maintained on each volunteer including application, monthly hours, calendar year hours, total hours of service to date, dates of service, positions held, duties completed, and awards received. Volunteers are entitled access to the record by submitting a request to their support person on staff or the Department Volunteer Coordinator. Volunteer personnel records are confidential.

VOLUNTEER POLICIES
