### • Access to Premises

- By accepting service, customer grants access to premises for utility purposes to properly identified FEUS personnel
- For non-payment disconnect, emergencies or power restoration, access may be gained by cutting locks on gates or, in extreme cases, damage to customer's gate
- FEUS staff needing to perform maintenance work will attempt to contact utility customer with tag at gate and telephone calls. No response by customer after 30 days to FEUS contact attempts, may result in a re-occurring, non-refundable fee assessed on customer's utility account

### • Customer's Responsibility for FEUS/COF property

- All equipment furnished by the utility remains the property of the utility
- Customer shall exercise proper care to protect utility property and to prevent the theft of, damage to, tampering or interference with such equipment
- Customer must notify FEUS/COF within 2 working days to apply for service upon taking possession of premise where utility service is on
- **Turning on utility service** or continuing to use existing service without notifying FEUS/COF will result in liability to customer for all charges of utility service rendered and may result in **meter tampering charges, civil penalties, additional fines and possible incarceration**

Planning on a change to your existing electrical requirements? *Examples of this include adding refrigerated air conditioning, a hot tub and changing to electric appliances. It is imperative to contact Electric New Service at 505-599-8312 for a transformer check! Failure to give FEUS advance notice of load changes may damage FEUS equipment and interrupt customer's service. Equipment repair/replacement cost may, at the option of FEUS, be charged to the customer.*

**By checking this box I acknowledge that I have read and understand the General Information shown above for the City of Farmington and the Farmington Electric Utility System and agree to abide by these terms.**
